2. 年齡介乎十八 (18) 歲至二十五 (25) 歲的子女必須是全日制學生，並需提供我們接受之有效證明。
3. 就住院及日間手術保障而言，所有保障均不限制醫院病房級別的選擇。然而，若受保人於住院期間入住高於標準普通房級別的病房，就相關住院實際可獲賠償的金額將降低至本應可獲賠償的以下比率：

受保人入住的病房級別	就住院可獲賠償金額的百分比
標準普通房	100%
標準半私家房	50%
高於標準半私家房	25%

例如：

受保人受保於本計劃級別而入院期間的相關合資格費用為港幣 10,000 元，而受保人入住高於標準半私家房級別的病房，則實際可獲賠償為：港幣 10,000 元 x 25% x 80% = 港幣2,000 元。而該保單年度剩餘的保障賠償限額將為：港幣 20,000 元 - 港幣 2,000 元 = 港幣 18,000 元。

4. 門診保障只承保網絡診所的合資格費用，不承保非網絡診所的任何費用。網絡下的診所組成會不時變更，請參閱客戶平台以獲取最新資訊。就門診保障而言，每保單年度的累計最高就診次數為 15 次，每天每項目最高就診次數為 1 次。
5. 保健保障只承保網絡下指定身體檢查計劃及指定流感疫苗服務的費用。請參閱客戶平台以獲取有關指定計劃及服務的資訊。
6. 網絡下的診所組成會不時變更；適用於各醫療專業人士的會員專享價各有不同，亦會不時變更。請參閱客戶平台以獲取最新資訊。請注意：BowtieGo 為獨立的會員優惠計劃，並非保險計劃，不產生任何賠償或墊付責任。此計劃與 Bowtie Card 計劃（持卡人就診時只需繳付墊底費，其餘合資格費用由保險計劃承擔）屬性質不同的獨立安排，敬請注意區分。
7. 網絡診所門診合資格之醫療費用僅包括：
   (a) 普通科醫生：診金及最多2天之處方基本西藥費用；
   (b) 中醫：診金及最多2包之基本中藥費用；及

seventy-five (75), a Premium Loading and/or Case-based Exclusion(s) may be imposed. For Insured Persons Aged seventy (70) to seventy-five (75), underwriting will be required at each Plan Anniversary, and whether such Insured Persons can continue to be insured will depend on the underwriting result.

2. A child between the Age of eighteen (18) and twenty-five (25) must be a full-time student with valid proof accepted by us.

3. In respect of Inpatient and Day Case Procedure benefits, all benefits are not subject to any restriction in the choice of ward class in a Hospital. However, if the Insured Person is Confined in a room of a level higher than Standard Ward Room, the actual amount of any benefits payable for the Confinement shall be reduced to a percentage of the benefit that would otherwise have been payable. This percentage is set out in the following table:

Level of room in which the Insured Person is Confined	Percentage of benefits payable during Confinement
Standard Ward Room	100%
Standard Semi-Private Room	50%
Above Standard Semi-Private Room	25%

For example:
If the Insured Person covered under this Plan Level is confined in a room of Above Standard Semi-Private Room level, and the relevant Eligible Expenses incurred during Confinement is HKD10,000, the actual benefit payable will be: HKD10,000 x 25% x 80% = HKD2,000. The remaining Policy Year benefit limit for benefit items (b) – (k) in the above table will be: HKD20,000 - HKD2,000 = HKD18,000.

4. Outpatient benefits will only cover Eligible Expenses incurred at Network clinics. Any expenses incurred at non-Network clinics will not be covered. The composition of Network clinics is subject to change from time to time. Please refer to the customer portal for the latest information. In respect of Outpatient benefits, the maximum number of visits in aggregate per Policy Year is 15 and the maximum number of visits per item per day is 1.

5. Wellness benefits only cover expenses for designated check-up plans and designated influenza vaccination services within the Network. Please refer to the customer portal for details of the designated plans and services.

6. The composition of Network clinics is subject to change from time to time; member exclusive price varies by practitioners and is also subject to change from time to time. Please refer to the customer portal for latest information. Please note that BowtieGo is a standalone member benefits programme and does not constitute an insurance plan; it does not give rise to any reimbursement or indemnity obligation. BowtieGo is distinct from the Bowtie Card arrangement, under which cardholders are only required to pay a designated co-payment at the point of consultation, with the remaining eligible expenses covered by the insurance plan. The two arrangements are separate in nature and should not be conflated.

7. Eligible medical expenses for Outpatient services at Network clinics shall be limited to:
   (a) General practitioner: consultation fee and up to 2 days of prescribed basic Western medicine;
   (b) Chinese medicine practitioner: consultation fee and up to 2 packets of prescribed basic Chinese medicine; and

   Additional or special medications may incur extra charges.
